aircharge[®]
www.aircharge.one

Product Description

Our sub-surface charger can be installed within any non-metallic material to provide a discreet and convenient wireless charging solution. Install the sub-surface charger up to 4mm below the surface of a worktop, desk, coffee table or display unit and enjoy the convenience of being able to charge smartphones and tablets without being tethered or having the hassle of finding a power point. Ideal for bar tops, kitchen units and meeting tables. When using the sub-surface Aircharge unit the surface above must show our trademark brand and power logo, in a non-removable form, as part of the Wireless Charging Guidelines set out between Apple & Aircharge.

Qi-certified:
Supports all Qi-certified devices and accessories

Product Specification:

Product code	AIR0539
Finish/colour	Black
Input	DC 12V
Output	DC 5V, 2A

Fits into 78,5mm blind hole routed into underside of non-metallic worksurface. Can be secured to the underside of worksurface using clamp plate and screws provided.
